

# ® AUSTRALIA'S BEST REPTILES ® SNAKEBUSTERS

HOLD THE  
REPTILES

As seen  
on TV

Phone: (03) 9812 3322  
Mobile: 0412 777 211

Other reptile companies let  
people touch the reptiles  
But only Snakebusters lets  
everyone hold the reptiles

Events, schools, parties, courses

Why more people choose  
Snakebusters.

Exclusives include:

- ® "Hands-on reptiles" incursion, where people hold the animals,® (others only have "show and tell" or boring "static displays").
- Everyone can hold snakes (pythons), lizards, crocodiles, turtles, frogs, etc, (if they want) ... we bring heaps!
- Victoria's only "legal" and safe deadly snake show.
- The most experienced staff.
- No travel, bus expenses or timetable disruptions.
- Owned by the Snake Man!

When it comes to wildlife incursions, it's important to have a teacher who really knows the subject and a show that's fun and educational. Only Snakebusters is owned by Australia's Snakeman Raymond Hoser, who's written the definitive books and scientific papers on reptiles, wildlife and classification. Get taught by a leading scientist, and his personally trained staff, with Australia's only hands-on reptiles show, being the only reptile show that lets kids hold the animals.

**Your kids deserve Australia's best reptiles!**

**Warning:** Snakebusters are the **only** people allowed under Section 32 of the OH and S Act 2004, to handle deadly snakes in public. Only Snakebusters have vet certified surgically de venomized snakes for snakes welfare.

**These snakes aren't tormented with metal sticks.**
