

SNAKEBUSTERS - THE MOST SOUGHT AFTER REPTILE SHOW FOR AGRICULTURAL SHOWS

Nothing pulls a crowd like live reptiles at an agricultural show.

And no reptile show in Australia pulls a crowd like Raymond Hoser and the Snakebusters team. Put simply, no other reptile outfit comes close!

The two main elements are:

1 - World's best deadly snake show, including being the only one with the world's top five deadliest!

2 - ... "full on hands on", where the public then hold, meet and greet, crocs, pythons, lizards and other critters.

No one else has this winning combination!

We are the best, most experienced handlers in the business.

Remember Hoser wrote and published the book "*Australian Reptiles and Frogs*" way back in 1989, which is still everyone else's "Bible" on snakes, etc... and not only that, Snakebusters are the best entertainers. We handle reptiles so the audience sees them like no one else can copy.

For ag. shows we usually do the following in rotation:

First is the world's best "deadly snake show" from a our marquee, or stage followed up with "hands on" touching or handling by the audience (the "meet and greet"), which usually includes small and huge pythons, lizards and crocodiles.

The whole performance is slick and polished which is amazing given that 30+ live animals are used.

While if required, the shows are customized to fit the audience, the "snakebusters generic" show is generally the best for events as it appeals to all ages and gender.

With press promotion beforehand, the attendance (and spending) at your show will be better than ever!

Don't be fooled by the false claims of no-name novice reptile handlers.

Only the names "**Snakebusters**" and "**Snakeman**", "Raymond Hoser" are synonymous with the best things reptile. Only Raymond Hoser can verifiably claim more than thirty years as the leading edge of Australian reptile science, be it authoring nine definitive books, countless scientific breakthroughs and world leading papers, appearances in numerous TV documentaries and having discovered and named more new species of snake than anyone else in Australia this century!

In 2008, in a direct "face-off" Snakebusters consistently outdrew newly licenced rival outfits by between 50 and 90 per cent in the case of two shopping malls that risked novice demonstrators who had neither venomous snakes or any real "hands on"!

Yes, it's common to see people travel across a state to see the Snakebusters show.

Snakebusters are alone in using "venomoid" snakes for all public shows. These are ones that have had their venom glands surgically removed, making the shows **ZERO RISK**, but the snakes or the crowd cannot tell any different.

Snakebusters is the only "No risk" venomous snake show! The snakes themselves are better off being "venomoid" as this frees them from the intense cruelty of being handled with pinning sticks, tongs and the like, which are otherwise used to move deadly snakes and makes the old fashioned snake shows extremely cruel and (now) illegal under the "Prevention of Cruelty to Animals Act 1986".

SNAKEBUSTERS™

**VENOMOUS
ENTERTAINMENT**

The Snakebuster, Raymond Hoser with fourteen deadly snakes (nine Tiger, three Black, one Brown, one Copperhead). No one else in Australia handles snakes like this.

Furthermore, since July 2005, Section 32 of the new OH and S Act has made demonstration with venomous snakes with venom glands intact illegal in Victoria.

If you get some inferior outfit with venomous snakes with venom glands intact and there's a serious bite or death - YOU will be liable and no insurance will cover you due to the OH and S Act breach involved.

This makes Snakebusters the only company allowed to take venomous species to ag. shows in Victoria.

There are many other features, services and extras, that further make Snakebusters the show of choice.

We have our own signage, marquees, "barriers" and the like.

The reptiles themselves are usually shipped in one or two compact carrying cases which are removed from the mall at the end of each day. Pre-event advertising can be assisted with photos, artwork, etc, that we can supply.

Due to demand we take bookings up to a year ahead and are usually booked heavily during the show season, doing major events and shows throughout Victoria.

If you want Australia's best reptile show at your ag. show then book early to avoid disappointment.

For further details about Snakebusters shows, availability, etc please phone: 0412 777 211 or (03) 9812 3322
