Notes: The preceding list covers all sources for the two books, *Taxi* and *Taxi-2*, including all that are readily accessible and on the public record. Those have been given priority over duplicitous sources not publicly available. This includes cases where information can be sourced both from original sources and tabloid media.

Citation format for media clippings usually runs as follows- Author:year:title:publication:month/day date:page number/s.

For books and other publications the format is similar.

All are listed by alphabetical and date order.

This entire list can be downloaded from the internet as a Microsoft Word 7 file, where you can enlarge the text if necessary. The self-executing zip file can be located at <http://www.smuggled.com/Tran1.htm> where you click onto relevant link to save it to disk. It usually takes about 120 seconds to download.
