

Snakeman Raymond Hoser, Zoobank Listings 7 May 2025.

**Relevant scientific papers (331), Family names (286),
Genera named (804), species named (1503).**

Relevant taxonomy / nomenclature papers (331)

1. [Hoser, Raymond. 1998 A new snake from Queensland, Australia \(Serpentes: Elapidae\). *Monitor: Journal of the Victorian Herpetological Society Incorporated* **10**\(1\): 5-9.](#)
2. [Hoser, Raymond. 1998 Death Adders \(Genus Acanthophis\): An overview, including descriptions of five new species and one subspecies. *Monitor: Journal of the Victorian Herpetological Society Incorporated* **9**\(2\): 20-41.](#)
3. [Hoser, Raymond. 2000 A new species of snake from Irian Jaya \(Serpentes: Elapidae\). *Litteratura Serpentina* **20**\(6\): 178-186.](#)
4. [Hoser, Raymond. 2000 A revision of the Australasian Pythons. *Ophidia Review* **1**\(1\): 7-27.](#)
5. [Hoser, Raymond. 2001 A current assessment of the status of the snakes of the genera Cannia and Pailsus, including descriptions of three new subspecies from the Northern Territory and Western Australia, Australia. *Boydii - Journal of the Herpetological Society of Queensland Incorporated* **July, 2011**: 26-60.](#)
6. [Hoser, Raymond. 2002 An overview of the Taipans, Genus: \(Oxyuranus\) \(Serpentes: Elapidae\) including the description of a new subspecies. *Crocodilian: Journal of the Victorian Association of Amateur Herpetologists Incorporated* **3**\(1\): 43-50.](#)
7. [Hoser, Raymond. 2002 Death Adders \(Genus Acanthophis\), an updated overview including descriptions of three new island species and two new Australian subspecies. *Crocodilian: Journal of the Victorian Association of Amateur Herpetologists Incorporated* **4**\(1\): 5-30.](#)
8. [Hoser, Raymond. 2003 A new species of elapid \(Serpentes:Elapidae\) from Western New South Wales. *Crocodilian: Journal of the Victorian Association of Amateur Herpetologists Incorporated* **4**\(2\): 19-26.](#)
9. [Hoser, Raymond. 2003 A new subspecies of elapid \(Serpentes:Elapidae\) from New Guinea. *Boydii - Journal of the Herpetological Society of Queensland Incorporated* **Autumn 2003**: 2-4.](#)
10. [Hoser, Raymond. 2003 A re-assessment of the taxonomy of the Red-bellied Black Snakes \(Genus Pseudechis\) with the descriptions of two new subspecies. *Boydii - Journal of the Herpetological Society of Queensland Incorporated* **May 2003**: 15-18.](#)
11. [Hoser, Raymond. 2003 Five new Australian Pythons. *Newsletter of the Macarthur Herpetological Society* **40**: 4-9.](#)

12. [Hoser, Raymond. 2003 The Rough-scaled Snakes, Genus: Tropidechis \(Serpentes:Elapidae\), including the description of a new species from far north Queensland, Australia. *Crocodilian: Journal of the Victorian Association of Amateur Herpetologists Incorporated* 4\(2\): 11-14.](#)
13. [Hoser, Raymond. 2004 A reclassification of the pythoninae including the descriptions of two new genera, two new species and nine new subspecies. *Crocodilian: Journal of the Victorian Association of Amateur Herpetologists Incorporated* 4\(3 and 4\): 31-37 and 21-40.](#)
14. [Hoser, Raymond. 2005 A new subspecies of Strophorus intermedius \(Squamata:Gekkonidae\) from South Australia. *Boydii - Journal of the Herpetological Society of Queensland Incorporated* Spring 2005: 14-15.](#)
15. [Hoser, Raymond. 2009 A new genus and a new species of skink from Victoria. *Australasian Journal of Herpetology* 3: 1-6.](#)
16. [Hoser, Raymond. 2009 A reclassification of the Rattlesnakes; species formerly exclusively placed in the Genera Crotalus and Sistrurus. *Australasian Journal of Herpetology* 6: 1-21.](#)
17. [Hoser, Raymond. 2009 A reclassification of the True Cobras; species formerly referred to the genera *Naja*, *Boulengerina* and *Paranaja*. *Australasian Journal of Herpetology* 7: 1-15.](#)
18. [Hoser, Raymond. 2009 Creationism and contrived science: A review of recent python systematics papers and the resolution of issues of taxonomy and nomenclature. *Australasian Journal of Herpetology* 2: 1-34.](#)
19. [Hoser, Raymond. 2009 Eight new taxa in the genera *Pseudonaja* Gunther 1858, *Oxyuranus* Kinghorn 1923, and *Panacedechis* Wells and Wellington 1985 \(Serpentes:Elapidae\). *Australasian Journal of Herpetology* 4: 1-27.](#)
20. [Hoser, Raymond. 2009 One or two mutations doesn't make a new species ... The taxonomy of Copperheads \(*Austrelaps*\)\(Serpentes:Elapidae\). *Australasian Journal of Herpetology* 1: 1-28.](#)
21. [Hoser, Raymond. 2012 A Division of Central American Snake genera, *Coniophanes* Hallowell in Cope, 1860 into six subgenera and *Conophis* Peters, 1860 into two genera \(Serpentes: Colubridae: Dipsadinae\). *Australasian Journal of Herpetology* 13: 55-60.](#)
22. [Hoser, Raymond. 2012 A division of the African Genus *Psammophis* Boie, 1825 into 4 genera and four further subgenera \(Serpentes: Psammophiinae\). *Australasian Journal of Herpetology* 12: 26-31.](#)
23. [Hoser, Raymond. 2012 A division of the African Tree Viper genus *Atheris* Cope, 1860 into four subgenera \(Serpentes:Viperidae\). *Australasian Journal of Herpetology* 12: 32-35.](#)
24. [Hoser, Raymond. 2012 A Division of the Asian Forest Ratsnakes Genus *Euprepiophis* Boie, 1826 \(Serpentes: Colubridae\). *Australasian Journal of Herpetology* 13: 8-9.](#)

25. [Hoser, Raymond. 2012 A Division of the Asian Reed Snakes, Genus Calamaria Boie, 1827 \(Serpentes: Colubridae: Calamariinae\). *Australasian Journal of Herpetology* **13**: 61-64.](#)
26. [Hoser, Raymond. 2012 A division of the Neotropical genus Rhadinaea Cope, 1863 \(Serpentes:Colubridae\). *Australasian Journal of Herpetology* **13**: 47-54.](#)
27. [Hoser, Raymond. 2012 A Division of the Patch-nosed Snakes, genus Salvadora Baird and Girard, 1853 \(Serpentes: Colubridae: Colubrinae\). *Australasian Journal of Herpetology* **14**: 6-8.](#)
28. [Hoser, Raymond. 2012 A division of the South-east Asian Ratsnake genus Coelognathus \(Serpentes: Colubridae\). *Australasian Journal of Herpetology* **12**: 9-11.](#)
29. [Hoser, Raymond. 2012 A five-way division of the agamid genus Laudakia Gray, 1845 \(Squamata: Sauria: Agamidae\). *Australasian Journal of Herpetology* **14**: 17-23.](#)
30. [Hoser, Raymond. 2012 A four-way division of the skink genus Chalcides Laurenti, 1768 \(Squamata: Sauria: Scincidae\). *Australasian Journal of Herpetology* **14**: 27-30.](#)
31. [Hoser, Raymond. 2012 A New Genus and new species and new subspecies of skink from Victoria \(Squamata:Scincidae\). *Australasian Journal of Herpetology* **12**: 63-64.](#)
32. [Hoser, Raymond. 2012 A new genus and new subgenus of snakes from the South African region \(Serpentes: Colubridae\). *Australasian Journal of Herpetology* **12**: 23-25.](#)
33. [Hoser, Raymond. 2012 A new genus of Asian Pitviper \(Serpentes:Viperidae\). *Australasian Journal of Herpetology* **11**: 51-52.](#)
34. [Hoser, Raymond. 2012 A new genus of Asian Snail-eating Snake \(Serpentes:Pareatidae\). *Australasian Journal of Herpetology* **12**: 12-15.](#)
35. [Hoser, Raymond. 2012 A New Genus of Coral Snake from Japan \(Serpentes:Elapidae\). *Australasian Journal of Herpetology* **12**: 3-5.](#)
36. [Hoser, Raymond. 2012 A new genus of Jumping Pitviper from Middle America \(Serpentes: Viperidae\). *Australasian Journal of Herpetology* **10**: 33-34.](#)
37. [Hoser, Raymond. 2012 A new genus of Pitviper \(Serpentes:Viperidae\) from South America. *Australasian Journal of Herpetology* **11**: 25-27.](#)
38. [Hoser, Raymond. 2012 A new Subgenus of Giant Snakes \(Anaconda\) from South America \(Serpentes: Boidae\). *Australasian Journal of Herpetology* **12**: 36-39.](#)
39. [Hoser, Raymond. 2012 A reassessment of the Burrowing Asps, Atractaspis Smith, 1849 with the erection of a new genus and two tribes \(Serpentes: Atractaspidae\). *Australasian Journal of Herpetology* **11**: 56-58.](#)
40. [Hoser, Raymond. 2012 A reassessment of the Dibamidae, including the division of the genus Dibamus Duméril and Bibron, 1839 \(Squamata:Sauria: Dibamidae\). *Australasian Journal of Herpetology* **14**: 31-36.](#)
41. [Hoser, Raymond. 2012 A reassessment of the higher taxonomy of the Elapidae. *Australasian Journal of Herpetology* **10**: 49-63.](#)

42. [Hoser, Raymond. 2012 A reassessment of the higher taxonomy of the Viperidae. *Australasian Journal of Herpetology* **10**: 35-48.](#)
43. [Hoser, Raymond. 2012 A reclassification of the Rattlesnakes; species formerly exclusively referred to the Genera Crotalus and Sistrurus and a division of the elapid genus Micrurus. *Australasian Journal of Herpetology* **11**: 2-24.](#)
44. [Hoser, Raymond. 2012 A review of Kukri Snakes, currently referred to the genus Oligodon Fitzinger, 1826, with a division into twelve genera, four further subgenera and the creation of a tribe to accommodate them \(Serpentes:Colubridae\). *Australasian Journal of Herpetology* **13**: 15-34.](#)
45. [Hoser, Raymond. 2012 A review of Natricine genera Tropidonophis Jan, 1863 and Amphiesma Duméril, Bibron and Duméril, 1854 \(Serpentes:Colubroidae:Natricinae\). *Australasian Journal of Herpetology* **13**: 35-46.](#)
46. [Hoser, Raymond. 2012 A review of the extant Scolecophidians \("Blindsnakes"\) including the formal naming and diagnosis of new tribes, genera, subgenera, species and subspecies for divergent taxa. *Australasian Journal of Herpetology* **15**: 1-64.](#)
47. [Hoser, Raymond. 2012 A review of the North American Garter Snakes Genus Thamnophis Fitzinger, 1843 \(Serpentes:Colubridae\). *Australasian Journal of Herpetology* **12**: 48-53.](#)
48. [Hoser, Raymond. 2012 A review of the South American snake genera Leptodeira and Imantodes including three new genera and two new subgenera \(Serpentes: Dipsadidae: Imantodini\). *Australasian Journal of Herpetology* **12**: 40-47.](#)
49. [Hoser, Raymond. 2012 A review of the taxonomy of the European Colubrid snake genera Natrix and Coronella, with the creation of three new monotypic genera \(Serpentes:Colubridae\). *Australasian Journal of Herpetology* **12**: 58-62.](#)
50. [Hoser, Raymond. 2012 A review of the taxonomy of the living Crocodiles including the description of three new tribes, a new genus, and two new species. *Australasian Journal of Herpetology* **14**: 9-16.](#)
51. [Hoser, Raymond. 2012 A revision of the Asian Pitvipers, referred to the genus Cryptelytrops Cope, 1860, with the creation of a new genus Adelynhoserea to accommodate six divergent species \(Serpentes:Viperidae:Crotalinae\). *Australasian Journal of Herpetology* **12**: 6-8.](#)
52. [Hoser, Raymond. 2012 A taxonomic revision of the colubrinae genera Zamenis and Orthriopsis with the creation of two new genera \(Serpentes:Colubridae\). *Australasian Journal of Herpetology* **11**: 59-64.](#)
53. [Hoser, Raymond. 2012 A taxonomic revision of the Vipera palaestinae Werner, 1938 species group, with the creation of a new genus and a new subgenus. *Australasian Journal of Herpetology* **11**: 53-55.](#)
54. [Hoser, Raymond. 2012 A three-way division of the African Centipede Eating Snakes, Aparallactus Smith, 1849 \(Serpentes: Lamprophiidae: Aparallactinae\) and a new subgenus of Wolf Snakes Lycophidion Fitzinger, 1843 \(Serpentes: Lamprophiidae, Lamprophiinae\). *Australasian Journal of Herpetology* **13**: 10-14.](#)

55. [Hoser, Raymond. 2012 A three-way division of the New World Genus *Lampropeltis* Fitzinger, 1843 \(Serpentes:Colubridae\). *Australasian Journal of Herpetology* **12**: 54-57.](#)
56. [Hoser, Raymond. 2012 An updated review of the pythons including resolution of issues of taxonomy and nomenclature. *Australasian Journal of Herpetology* **10**: 2-32.](#)
57. [Hoser, Raymond. 2012 Divisions of the Asian Colubrid snake genera *Xenochrophis*, *Dendrelaphis* and *Boiga* \(Serpentes: Colubridae\). *Australasian Journal of Herpetology* **12**: 65-76.](#)
58. [Hoser, Raymond. 2012 Exposing a fraud! *Afronaja* Wallach, Wuster and Broadley is a junior synonym of *Spracklandus* Hoser, 2009. *Australasian Journal of Herpetology* **9**: 1-64.](#)
59. [Hoser, Raymond. 2012 Some new small-eyed snakes from Australia and New Guinea \(Serpentes:Elapidae\). *Australasian Journal of Herpetology* **13**: 3-7.](#)
60. [Hoser, Raymond. 2012 The description of a new genus of West Australian snake and eight new taxa in the genera *Pseudonaja* Gunther, 1858, *Oxyuranus* Kinghorn, 1923 and *Panacedechis* Wells and Wellington, 1985 \(Serpentes: Elapidae\). *Australasian Journal of Herpetology* **11**: 32-50.](#)
61. [Hoser, Raymond. 2012 The dissolution of the genus *Rhadinophis* Vogt, 1922 \(Serpentes:Colubrinae\). *Australasian Journal of Herpetology* **12**: 16-17.](#)
62. [Hoser, Raymond. 2012 Three new species of *Stegonotus* from New Guinea \(Serpentes: Colubridae\). *Australasian Journal of Herpetology* **12**: 18-22.](#)
63. [Hoser, Raymond. 2012 Two new genera of Water Snake from North America. The subdivision of the genera *Regina* Baird and Girard, 1853 and *Nerodia* Baird and Girard, 1853 \(Serpentes: Colubridae: Natricinae\). *Australasian Journal of Herpetology* **11**: 28-31.](#)
64. [Hoser, Raymond. 2012 Two new subspecies of Frill-necked Lizards \(Squamata: Sauria: Agamidae\). *Australasian Journal of Herpetology* **14**: 24-26.](#)
65. [Hoser, Raymond. 2012 *Yeomansus*: A New Genus for the Slender Racer \(Serpentes:Colubridae\). *Australasian Journal of Herpetology* **14**: 3-5.](#)
66. [Hoser, Raymond. 2013 *Adelynhoserserpenae wellsi*, a new species of Jumping Pitviper from Mexico \(Serpentes: Viperidae\). *Australasian Journal of Herpetology* **16**: 27-30.](#)
67. [Hoser, Raymond. 2013 The science of herpetology is built on evidence, ethics, quality publications and strict compliance with the rules of nomenclature. *Australasian Journal of Herpetology* **18**: 1-64.](#)
68. [Hoser, Raymond. 2013 A formal five-way division of the Gaboon Viper Species Complex: *Bitis* \(*Macrocerastes*\) *gabonica* \(Duméril, Bibron and Duméril, 1854\) and a two-way division of the Nose-horned Viper species complex *Bitis* \(*Macrocerastes*\) *nasicornis* \(Shaw, 1802\) \(Serpentes:Viperidae:Bitisini\). *Australasian Journal of Herpetology* **19**: 25-31.](#)

69. [Hoser, Raymond. 2013 A further division of the African Burrowing Asps, Atractaspis Smith 1849 with the erection of a new genus and two new subgenera. *Australasian Journal of Herpetology* **20**: 11-19.](#)
70. [Hoser, Raymond. 2013 A new egg-eating snake from the southern Arabian Peninsula \(Squamata: Serpentes: Colubridae:Colubrinae:Boigini\). *Australasian Journal of Herpetology*\(21\): 59-63.](#)
71. [Hoser, Raymond. 2013 A new species of Night Adder \(Serpentes: Viperidae\) from central Africa. *Australasian Journal of Herpetology* **19**: 32-35.](#)
72. [Hoser, Raymond. 2013 A new subspecies of Rinkhals Hemachatus haemachatus \(Bonnaterre, 1790\) from Southern Africa. \(Serpentes: Elapidae\). *Australasian Journal of Herpetology* **20**: 8-10.](#)
73. [Hoser, Raymond. 2013 A reassessment of the Tropidophiidae, including the creation of two new tribes and the division of *Tropidophis* Bibron, 1840 into six genera, and a revisiting of the Ungaliophiinae to create two subspecies within *Ungaliophis panamensis* Schmidt, 1933. *Australasian Journal of Herpetology* **17**: 22-34.](#)
74. [Hoser, Raymond. 2013 A review and rearrangement of Pitviper genera \(Serpentes: Viperidae: Crotalinae\). *Australasian Journal of Herpetology* **19**: 43-63.](#)
75. [Hoser, Raymond. 2013 A revised taxonomy for the Lizard Families Gerrhosauridae and Cordylidae. *Australasian Journal of Herpetology* **21**: 3-32.](#)
76. [Hoser, Raymond. 2013 A seven way division of the Amphibolurinae \(Squamata: Sauria: Agamidae\). *Australasian Journal of Herpetology*\(21\): 33-36.](#)
77. [Hoser, Raymond. 2013 African Adders \(*Bitis* Gray, 1842\), reviewed, including, two new subgenera, five new species of Puff Adder, all formerly *Bitis arietans* \(Merrem, 1820\) subspecific division of *Bitis caudalis* \(Smith, 1839\) and division of the Berg Adders *Bitis atropos* \(Linnaeus, 1758\) \(Serpentes: Viperidae: Bitisini\). *Australasian Journal of Herpetology* **19**: 3-24.](#)
78. [Hoser, Raymond. 2013 An overdue new taxonomy for the Rhinophiidae \(Uropeltidae\). *Australasian Journal of Herpetology* **17**: 51-57.](#)
79. [Hoser, Raymond. 2013 An updated taxonomy of the living Alligator Snapping Turtles \(*Macrochelys* Gray, 1856\), with descriptions of a new tribe, new species and new subspecies. *Australasian Journal of Herpetology* **16**: 53-63.](#)
80. [Hoser, Raymond. 2013 Chrismaxwellus: A new genus of Colubrid snake from south-west Africa. *Australasian Journal of Herpetology* **20**: 26-29.](#)
81. [Hoser, Raymond. 2013 Division of the Asian Snake Genera *Liopeltis* Fitzinger, 1843 and *Gongylosoma* Fitzinger, 1843 \(Serpentes:Colubridae\). *Australasian Journal of Herpetology* **20**: 33-40.](#)
82. [Hoser, Raymond. 2013 Divisions within the snake genera *Cylindrophis* Wagler, 1828 \(Cylindrophidae Fitzinger, 1843\) and *Anomochilus* Berg, 1901 \(Anomochilidae Cundall, Wallach and Rossman, 1993\). *Australasian Journal of Herpetology* **16**: 31-38.](#)

83. [Hoser, Raymond. 2013 Four new species of snake from Central Africa \(Serpentes: Colubridae\) and \(Serpentes: Lamprophiidae\). *Australasian Journal of Herpetology* **20**: 20-25.](#)
84. [Hoser, Raymond. 2013 Further division of the genera *Boiga* Fitzinger, 1826 and *Chrysopelea* Boie, 1826, with the creation of a new tribe, a new genus and a new subgenus. *Australasian Journal of Herpetology* **16**: 9-14.](#)
85. [Hoser, Raymond. 2013 Further division of the tree snake genus *Dendrelaphis* Boulenger, 1890, including the erection of three new genera to accommodate divergent species groups \(Serpentes: Charlespiersonserpeniidae\). *Australasian Journal of Herpetology* **20**: 41-46.](#)
86. [Hoser, Raymond. 2013 How fast can they crawl? Distribution of snakes in Melbourne, Victoria, Australia. *Australasian Journal of Herpetology* **20**: 52-63.](#)
87. [Hoser, Raymond. 2013 In praise of subgenera, with ethics and within the rules of Zoology: taxonomic status of the snake genera *Calliophis* Gray, 1835, *Liophidium* Boulenger, 1896 and *Liopholidophis* Mocquard, 1904 \(Serpentes\). *Australasian Journal of Herpetology* **17**: 35-50.](#)
88. [Hoser, Raymond. 2013 Making sense of the mess ... A new and workable sea-snake taxonomy with nomenclature to match!. *Australasian Journal of Herpetology* **16**: 15-18.](#)
89. [Hoser, Raymond. 2013 Monitor Lizards reclassified with some common sense \(Squamata: Sauria: Varanidae\). *Australasian Journal of Herpetology*\(21\): 41-58.](#)
90. [Hoser, Raymond. 2013 New tribes and sub-tribes of Vipers and elapid snakes and two new species of snake \(Squamata:Serpentes\). *Australasian Journal of Herpetology* **17**: 58-63.](#)
91. [Hoser, Raymond. 2013 Not in *Heloderma* ... A revised taxonomy and new genus for the Gila Monster. *Australasian Journal of Herpetology*\(21\): 37-40.](#)
92. [Hoser, Raymond. 2013 Revisiting the Australian "White-lipped Snakes" of the genus *Drysdalia* Worrell, 1961, \(sensu lato\) including two new subgenera and two new subspecies \(Serpentes: Elapidae\). *Australasian Journal of Herpetology* **20**: 47-51.](#)
93. [Hoser, Raymond. 2013 Stopping the shuffle between families: Six new Colubroid snake families named. *Australasian Journal of Herpetology* **17**: 3-21.](#)
94. [Hoser, Raymond. 2013 The description of new snake subgenera, species and subspecies from Australia \(Squamata:Serpentes\). *Australasian Journal of Herpetology* **16**: 39-52.](#)
95. [Hoser, Raymond. 2013 The taxonomy of the snake genus *Broghammerus* Hoser, 2004 revisited, including the creation of a new subgenus for *Broghammerus timoriensis* \(Peters, 1876\). *Australasian Journal of Herpetology* **16**: 19-29.](#)
96. [Hoser, Raymond. 2013 Three new genera of Ground Snakes from Middle and South America \(Serpentes: Dipsadidae\). *Australasian Journal of Herpetology* **20**: 30-32.](#)

97. [Hoser, Raymond. 2013 Tidying up the taxonomy of the extant Booidea, including the erection and naming of two new families, the description of *Acrantophis sloppi* sp. nov., a new species of Ground Boa from Madagascar and *Candoia aspera iansimpsoni*, subsp. nov., a new subspecies of Boa from Papua New Guinea. *Australasian Journal of Herpetology* **16**: 3-8.](#)
98. [Hoser, Raymond. 2013 Two new species of Pitviper from Middle America \(Serpentes:Viperidae:Crotalinae\). *Australasian Journal of Herpetology* **19**: 36-42.](#)
99. [Hoser, Raymond. 2013 Two new species of True Cobra in the genus Boulengeria Dollo, 1886 from West Africa and South Africa \(Serpentes: Elapidae\). *Australasian Journal of Herpetology* **20**: 3-7.](#)
100. [Hoser, Raymond. 2014 A break up of the genus Acrochordus Hornstedt, 1787, into two tribes, three genera and the description of two new species \(Serpentes: Acrochordidae\). *Australasian Journal of Herpetology* **22**: 2-8.](#)
101. [Hoser, Raymond. 2014 A break up of the genus Acrochordus Hornstedt, 1787, into two tribes, three genera and the description of two new species \(Serpentes: Acrochordidae\). *Australasian Journal of Herpetology* **22**: 2-8.](#)
102. [Hoser, Raymond. 2014 A logical new genus-level taxonomy for the Xenosauridae, Anniellidae, Diploglossidae and Anguidae \(Squamata:Sauria\). *Australasian Journal of Herpetology* **24**: 20-64.](#)
103. [Hoser, Raymond. 2014 A logical new taxonomy for the Asian subfamily Draconinae based on obvious phylogenetic relationships and morphology of species \(Squamata: Sauria: Agamidae: Draconinae\). *Australasian Journal of Herpetology* **22**: 9-59.](#)
104. [Hoser, Raymond. 2014 A long overdue taxonomic rearrangement of the New Guinea Crowned Snakes, currently referred to the genus Aspidomorphus Fitzinger, 1843 \(Serpentes:Elapidae\). *Australasian Journal of Herpetology* **23**: 3-9.](#)
105. [Hoser, Raymond. 2014 A long overdue taxonomic rearrangement of the Uromastycinae \(Squamata: Sauria: Agamidae\). *Australasian Journal of Herpetology* **23**: 54-64.](#)
106. [Hoser, Raymond. 2014 A review of the turtle genus Pelochelys Gray, 1864 \(Trionychidae\) including the division into two subgenera and the formal descriptions of two new species. *Australasian Journal of Herpetology* **22**: 60-64.](#)
107. [Hoser, Raymond. 2014 A taxonomic revision of the Giant Long-necked Terrapin, *Chelodina expansa* Gray, 1857 species complex and related matters of taxonomy and nomenclature. *Australasian Journal of Herpetology* **24**: 3-11.](#)
108. [Hoser, Raymond. 2014 From a history of genus mergers to an overdue break-up: A new and sensible taxonomy for the Asiatic Wolf Snakes *Lycodon* Boie, 1826 \(Serpentes: Colubridae\). *Australasian Journal of Herpetology* **23**: 35-51.](#)
109. [Hoser, Raymond. 2014 Korniliostyphlops a new genus of Blindsnake from the island of Socotra. *Australasian Journal of Herpetology* **23**: 52-53.](#)

110. [Hoser, Raymond. 2014 New Bluetongue Lizard and Sailfin Dragon Lizard taxa from Indonesia \(Squamata:Sauria\). *Australasian Journal of Herpetology* **24**: 12-15.](#)
111. [Hoser, Raymond. 2014 New snake taxa from Australasia, Asia and Africa. *Australasian Journal of Herpetology* **23**: 13-21.](#)

210. [Hoser, Raymond. 2020 A new species of *Ophioscincus* Peters, 1873 \(Reptilia: Squamata: Scincidae\) from south-east Queensland. *Australasian Journal of Herpetology* **49**: 3-4.](#)
 211. [Hoser, Raymond. 2020 A new species of *Raclitia* Gray \(Serpentes, Homalopsidae\) from Peninsular Malaysia. *Australasian Journal of Herpetology* **49**: 24-25.](#)
 212. [Hoser, Raymond. 2020 A new species of the Australian Bandy Bandy *Vermicella* Gray, 1841 \(Serpentes: Elapidae\) from north-west Australia. *Australasian Journal of Herpetology* **47**: 39-41.](#)
 213. [Hoser, Raymond. 2020 A new species of Tree Frog in the genus *Shireenhoserhylea* Hoser, 2020 from north Queensland, Australia. *Australasian Journal of Herpetology* **49**: 7-8.](#)
 214. [Hoser, Raymond. 2020 A new species of Water Dragon from North Queensland, Australia \(Reptilia: Squamata: Sauria: Agamidae: Intellagama Wells and Wellington, 1985\). *Australasian Journal of Herpetology* **43**: 38-40.](#)
 215. [Hoser, Raymond. 2020 A new subgenus and a new subspecies within the lizard genus *Isopachys* Lönnberg, 1916 \(Squamata:Sauria: Scincomorpha\). *Australasian Journal of Herpetology* **49**: 26-28.](#)
 216. [Hoser, Raymond. 2020 A new subgenus, three new species and one new subspecies of Ring-tailed Possums \(Marsupialia: Petauridae\) from the north of Australia. *Australasian Journal of Herpetology* **42**: 23-30.](#)
 217. [Hoser, Raymond. 2020 A new subspecies of *Jackyhosersaur* Hoser, 2013 from north-west Australia. *Australasian Journal of Herpetology* **49**: 5-6.](#)
 218. [Hoser, Raymond. 2020 A new subspecies of *Tropidonotus* from Morotai Island, Indonesia. *Australasian Journal of Herpetology* **49**: 29.](#)
 219. [Hoser, Raymond. 2020 A new subspecies of Green Python \(Serpentes: Pythonidae: *Chondropython*\) from eastern New Guinea. *Australasian Journal of Herpetology* **49**: 9-12.](#)
 220. [Hoser, Raymond. 2020 A new subspecies of Yellow-bellied Glider \(Marsupialia: Petauridae\) from far north Queensland, Australia. *Australasian Journal of Herpetology* **42**: 38-41.](#)
 221. [Hoser, Raymond. 2020 An overdue break up of the rodent genus *Pseudomys* into subgenera as well as the formal naming of four new species. *Australasian Journal of Herpetology* **49**: 30-41.](#)
 222. [Hoser, Raymond. 2020 An overdue break-up of the genus *Pogonomys* Milne-Edwards, 1877 \(Mammalia: Muridae\) into two genera and the formal naming of five long overlooked species. *Australasian Journal of Herpetology* **49**: 42-63.](#)

223. [Hoser, Raymond. 2020 An overdue refinement of the taxonomy of the Australian Ring Tailed Dragons, Genus *Ctenophorus* Fitzinger, 1843, Subgenus *Tachyon* Wells and Wellington, 1985, including the formal descriptions of eight new species. *Australasian Journal of Herpetology* **42**: 50-64.](#)
224. [Hoser, Raymond. 2020 Before they get wiped out! Formal descriptions of 15 new species of Monitor Lizard in the *Euprepiosaurus* \(AKA *Varanus*\) *indicus* \(Daudin, 1802\) and the *Shireenhosersaurea* \(AKA *Varanus*\) *prasinus* \(Schlegel, 1839\) species groups. *Australasian Journal of Herpetology* **47**: 3-31.](#)
225. [Hoser, Raymond. 2020 Five new species of Australian venomous snake, within the Australian genus *Brachyurops* Günther, 1863 \(Serpentes: Elapidae\). *Australasian Journal of Herpetology* **43**: 50-56.](#)
226. [Hoser, Raymond. 2020 For the first time ever! An overdue review and reclassification of the Australasian Tree Frogs \(Amphibia: Anura: Pelodyadidae\), including formal descriptions of 12 tribes, 11 subtribes, 34 genera, 26 subgenera, 62 species and 12 subspecies new to science. *Australasian Journal of Herpetology* **44-46**: 1-192.](#)
227. [Hoser, Raymond. 2020 Four new species of frog in the genus *Assa* from eastern Australia. *Australasian Journal of Herpetology* **47**: 57-63.](#)
228. [Hoser, Raymond. 2020 Four new species of Reed Snake from Peninsular Malaysia \(Serpentes: Colubridae: Calamariinae\). *Australasian Journal of Herpetology* **49**: 19-23.](#)
229. [Hoser, Raymond. 2020 From a putative new taxon to a mutt! Formal descriptions of three new genetically divergent Mountain Pygmy Possums from Victoria and New South Wales closely associated with *Burramys parvus* Broom, 1896. *Australasian Journal of Herpetology*\(42\): 3-10.](#)
230. [Hoser, Raymond. 2020 Hiding in plain sight! A new species of Water Skink *Eulamprus* Fitzinger, 1843 from north-east Queensland. *Australasian Journal of Herpetology* **43**: 33-37.](#)
231. [Hoser, Raymond. 2020 New Rattlesnakes in the genera *Crotalus* Linne, 1758, *Uropsophus* Wagler, 1830, *Cottonus* Hoser, 2009, *Matteoea* Hoser, 2009, *Piersonus* Hoser, 2009 and *Caudisona* Laurenti, 1768 \(Squamata: Serpentes: Viperidae: Crotalinae\). *Australasian Journal of Herpetology* **48**: 1-64.](#)
232. [Hoser, Raymond. 2020 Nine new species of *Katrinahoserserpenea* Hoser, 2012 from northern India, western China Vietnam, Burma, Thailand and Malaysia as well as a new genus of snake associated with *Xylophis* Beddome, 1878 from India \(Serpentes: Pareidae\). *Australasian Journal of Herpetology* **47**: 42-56.](#)
233. [Hoser, Raymond. 2020 Small and overlooked ... six new species of Pygmy Possum, Genus *Cercartetus* Gloger, 1841 sensu lato from the Australasian bioregion. *Australasian Journal of Herpetology* **42**: 11-22.](#)
234. [Hoser, Raymond. 2020 Small, easily overlooked and in decline. Potoroos in Eastern Australia. A formal division of the genus *Potorous* Desmarest, 1804 \(Marsupialia](#)

- Potoroidae) and the description of a new species from south-east Queensland. *Australasian Journal of Herpetology*(42): 31-37.
235. [Hoser, Raymond. 2020 The ability to conserve a threatened species begins when they are named! New species of Rock Wallaby \(Marsupialia: Macropodidae: *Petrogale*\) from northern Australia. *Australasian Journal of Herpetology* **42**: 42-49.](#)
 236. [Hoser, Raymond. 2020 The inevitable reassessment of the Australasian frog genera *Mixophyes* Günther, 1864 and *Taudactylus* Straughan and Lee, 1966, resulting in the formal descriptions of two new families, new subfamilies and tribes, three new genera, 2 new subgenera, 1 new species and 2 new subspecies. *Australasian Journal of Herpetology* **43**: 15-26.](#)
 237. [Hoser, Raymond. 2020 Three new species of frog in the genus *Limnodynastes* Fitzinger, 1843 from east Australia, two new *Platyplectron* Peters, 1863 species from east Australia and three new species of *Ranaster* Macleay, 1878 from north Australia. *Australasian Journal of Herpetology* **43**: 3-14.](#)
 238. [Hoser, Raymond. 2020 Two new Death Adders \(Serpentes: Elapidae: *Acanthophis*\) from the New Guinea region. *Australasian Journal of Herpetology* **49**: 13-18.](#)
 239. [Hoser, Raymond. 2020 Two new hitherto overlooked species of Dwarf Goanna, *Worrellisaurus* Wells and Wellington, 1984, subgenus *Parvavaranus* Hoser, 2013 from Australia. *Australasian Journal of Herpetology* **47**: 32-38.](#)
 240. [Hoser, Raymond. 2020 Two new species of Australian venomous snake, previously identified as *Narophis bimaculata* \(Duméril, Bibron and Duméril, 1854\) from Southern Australia. *Australasian Journal of Herpetology* **43**: 57-61.](#)
 241. [Hoser, Raymond. 2020 Two new species of fish, previously confused with the Macquarie Perch *Macquaria australasica* Cuvier 1830 \(Actinopterygii: Perciformes: Percichthyidae\) from east coast drainages in Australia. *Australasian Journal of Herpetology* **43**: 27-32.](#)
 242. [Hoser, Raymond. 2021 Audit finds dozens of unnamed turtle taxa. A body of evidence results in newly named genera, subgenera, species and subspecies based on historical and morphological divergence. *Australasian Journal of Herpetology* **52-53**: 1-128.](#)
 243. [Hoser, Raymond. 2021 Clawing their way out of synonymy! *Cyrtodactylus* Gray, 1827 sensu lato: The overdue break up of a large assemblage of pan-Asian geckos. *Australasian Journal of Herpetology* **54**: 1-64.](#)
 244. [Hoser, Raymond. 2022 *Daraninanura brevipalmata daranini* subsp. nov. and *Daraninanura brevipalmata andypadgetti* subsp. nov., two new frogs from Eastern Australia. *Australasian Journal of Herpetology* **56**: 51-54.](#)
 245. [Hoser, Raymond. 2022 *Delma honlami* sp. nov.: A new species of Pygopodid legless lizard from South Australia \(Squamata: Gekkota: Pygopodidae: *Delma*: *Honlamopus*\). *Australasian Journal of Herpetology* **59**: 13-16.](#)

246. [Hoser, Raymond. 2022 *Euanedwardsserpens subradiatus* \(Schlegel, 1837\) revisited and formally divided into six allopatric species based on morphological and genetic divergence. *Australasian Journal of Herpetology* **58**: 28-39.](#)
247. [Hoser, Raymond. 2022 *Proablepharus* Fuhn, 1969 *sensu lato* revisited. Underestimated species diversity in these tiny Australian skinks leads to resurrection of two old species names and the formal description of eight new species and three new subspecies \(Squamata: Scincoidea\). *Australasian Journal of Herpetology* **57**: 3-27.](#)
248. [Hoser, Raymond. 2022 A long overdue split: Russell's Viper *sensu lato* is formally split six ways \(Squamata: Serpentes: Viperidae: *Daboia*\). *Australasian Journal of Herpetology* **58**: 51-63.](#)
249. [Hoser, Raymond. 2022 A new species of *Notopseudonaja* Wells, 2002 \(Squamata: Serpentes: Elapidae\). *Australasian Journal of Herpetology* **56**: 44-47.](#)
250. [Hoser, Raymond. 2022 A new species of skink lizard *Calyptotis* De Vis, 1886 from Queensland, Australia \(Reptilia: Squamata: Scincidae\). *Australasian Journal of Herpetology* **58**: 16-20.](#)
251. [Hoser, Raymond. 2022 A new species within the *Odatia timorensis* \(Squamata: Varanidae\) species complex. *Australasian Journal of Herpetology* **55**: 54-56.](#)
252. [Hoser, Raymond. 2022 A new subspecies of Lace Monitor *Varanus varius* \(White, 1790\). *Australasian Journal of Herpetology* **55**: 57-59.](#)
253. [Hoser, Raymond. 2022 A revision of the taxonomy of the Australian skink in the genus *Acritoscincus* Wells and Wellington, 1985 \(AKA *Bassiana* Hutchinson et al. 1990\), resulting in the formal division into three subgenera and the recognition and descriptions of new species. *Australasian Journal of Herpetology* **56**: 22-43.](#)
254. [Hoser, Raymond. 2022 African viper taxonomy revisited. The classification of Hoser \(2013\) stands the tests of new technology and time; with a new subgenus and a new species from Southern Africa formally named \(Serpentes: Viperidae\). *Australasian Journal of Herpetology* **56**: 57-63.](#)
255. [Hoser, Raymond. 2022 *Antaresia* \(Pythonidae\), Taxonomy and Nomenclature: Fixing up errors and oversights including that *Antaresia maculosa peninsularis* Esquerre et al. 2021 is a junior synonym of *A. maculosa brentonoloughani* Hoser, 2003. ICZN Code Rule of Priority applies \(Article 23\). *Australasian Journal of Herpetology* **59**: 3-9.](#)
256. [Hoser, Raymond. 2022 Dumped rubbish! Is a lack of oviposition sites a potential population limiting factor for southern Australian skinks? *Australasian Journal of Herpetology* **58**: 3-5.](#)
257. [Hoser, Raymond. 2022 Eleven new species of Australian gecko within the genus *Heteronotia* Wermuth, 1965. *Australasian Journal of Herpetology* **55**: 3-48.](#)
258. [Hoser, Raymond. 2022 Greater diversity of skink species in south-east Australia than previously realized: *Carinascincus* Wells and Wellington, 1985 *sensu lato* is further divided. *Australasian Journal of Herpetology* **59**: 48-64.](#)

259. [Hoser, Raymond. 2022 Hiding in plain sight! Three new species of Slug Eater snakes \(Serpentes: Colubroidea: *Duberria* Fitzinger, 1826\) from South Africa. *Australasian Journal of Herpetology* **58**: 21-27.](#)
260. [Hoser, Raymond. 2022 Hiding in plain sight. A previously unrecognized biogeographical barrier in Australia formed by an event of biblical proportions. Five new species of skink lizard from south-west Victoria, three more closely related species from New South Wales and another from South Australia. *Australasian Journal of Herpetology* **56**: 3-21.](#)
261. [Hoser, Raymond. 2022 Incubation and hatching of juvenile Marbled Gecko *Christinus marmoratus* \(Gray, 1845\). *Australasian Journal of Herpetology* **56**: 55-56.](#)
262. [Hoser, Raymond. 2022 New species of freshwater Crocodile from Northern Australia. *Australasian Journal of Herpetology* **56**: 48-50.](#)
263. [Hoser, Raymond. 2022 Overlooked genera and species of Australian burrowing skink \(Squamata: Scincidae\). *Australasian Journal of Herpetology* **59**: 32-47.](#)
264. [Hoser, Raymond. 2022 Overlooked! Formal description of a new species of green viper from Eastern India and Burma. *Australasian Journal of Herpetology* **58**: 47-50.](#)
265. [Hoser, Raymond. 2022 The Australian skink genus *Notoscincus* Fuhn, 1969 revised!. *Australasian Journal of Herpetology* **59**: 21-31.](#)
266. [Hoser, Raymond. 2022 The Iconic Australian Copper-tailed Skink *Ctenotus taeniolatus* \(White, 1790\) split. A sign of severely under-estimated species diversity in Australia's smaller lizards. *Australasian Journal of Herpetology* **59**: 17-20.](#)
267. [Hoser, Raymond. 2022 The inevitable further break up of the monotypic Australian skink genus *Saiphos* Gray, 1831. *Australasian Journal of Herpetology* **58**: 6-15.](#)
268. [Hoser, Raymond. 2022 The inevitable further break up of the skink genus *Saproscincus* Wells and Wellington \(1984\) into two genera, each split to subgenera and the formal description of a new species from North Queensland, Australia. *Australasian Journal of Herpetology* **57**: 53-64.](#)
269. [Hoser, Raymond. 2022 The inevitable split up of the common Australian skink lizard *Allengreerus delicata* AKA *Lampropholis delicata* into resurrected and new species \(Reptilia: Squamata: Scincidae\). *Australasian Journal of Herpetology* **57**: 28-52.](#)
270. [Hoser, Raymond. 2022 Twenty one new species and eleven new subspecies of Asian Flying Dragon Lizard \(Squamata: Sauria: Agamidae: *Draconinae*: *Draco*\). *Australasian Journal of Herpetology* **60**: 1-64.](#)
271. [Hoser, Raymond. 2022 Two more new species within the *Odatria glauerti* \(Squamata: Varanidae\) species complex. *Australasian Journal of Herpetology* **55**: 49-53.](#)
272. [Hoser, Raymond. 2022 Two new species of Cobra from South-east Asia \(Serpentes: Elapidae: *Naja*\). *Australasian Journal of Herpetology* **58**: 40-46.](#)

273. [Hoser, Raymond. 2022 Two new species of Pipe Snake, Genus *Cylindrophis* \(Squamata: Cylindrophidae\) from Timor and Flores, Indonesia. *Australasian Journal of Herpetology* **59**: 10-12.](#)
274. [Hoser, Raymond. 2022 Two new subspecies of Thorny Devil, *Moloch horridus* Gray, 1841. *Australasian Journal of Herpetology* **55**: 60-62.](#)
275. [Hoser, Raymond. 2023 *Bitis* \(*Macrocerastes*\) *hoserae* Hoser, 2013 split. *Australasian Journal of Herpetology* **63**: 61-62.](#)
276. [Hoser, Raymond. 2023 A Bluetongue lizard *Tiliqua scincoides* \(White, 1790\) chased out of hibernation by parasitic mites. *Australasian Journal of Herpetology* **63**: 17-18.](#)
277. [Hoser, Raymond. 2023 A further three new species of frog in the genus *Limnodynastes* Fitzinger, 1843 from north Queensland, Australia. *Australasian Journal of Herpetology* **63**: 48-55.](#)
278. [Hoser, Raymond. 2023 A logical further dismemberment of the skink genus *Sphenomorphus* Fitzinger, 1843 \(Squamata: Sauria: Scincomorpha\) including the formal descriptions of new genera and species. *Australasian Journal of Herpetology* **65**: 5-50.](#)
279. [Hoser, Raymond. 2023 A new species of *Ptychozoon* Kuhl and Van Hasselt, 1822 hitherto confused with *P. trinotaterra* Brown, 1999 from Vietnam, Asia. *Australasian Journal of Herpetology* **63**: 59-60.](#)
280. [Hoser, Raymond. 2023 A new subspecies of Western Bluetongue *Tiliqua occipitalis* \(Peters, 1863\) from south-west Australia. *Australasian Journal of Herpetology* **63**: 34-37.](#)
281. [Hoser, Raymond. 2023 A new Viper species from Croatia \(Reptilia: Squamata: Serpentes: Viperidae: *Pelias*\). *Australasian Journal of Herpetology* **61**: 5-18.](#)
282. [Hoser, Raymond. 2023 An overdue break-up of the east Australian *Calotella* \(*Wittenagama*\) *nobbi* \(Witten, 1972\) species complex. *Australasian Journal of Herpetology* **66**: 5-25.](#)
283. [Hoser, Raymond. 2023 Europe gets new viper species: *Vipera ammodytes* \(Linnaeus, 1758\) *sensu lato* formally divided!. *Australasian Journal of Herpetology* **61**: 19-64.](#)
284. [Hoser, Raymond. 2023 Formal identification and naming of a new subspecies of *Mixophyes* \(*Quasimixophyes*\) *fleayi* Corben and Ingram, 1987 from the Conondale Range, south-east Queensland. *Australasian Journal of Herpetology* **63**: 56-58.](#)
285. [Hoser, Raymond. 2023 Four new species of *Crinia* Tschudi, 1838, subgenus *Ranidella* Girard, 1853 from south-east, Australia. *Australasian Journal of Herpetology* **63**: 38-47.](#)
286. [Hoser, Raymond. 2023 Large breeding aggregations of the small frogs *Geocrinia otwaysensis* \(Hoser, 2020\) and *Geocrinia victoriana* \(Boulenger, 1888\). *Australasian Journal of Herpetology* **63**: 3-16.](#)

287. [Hoser, Raymond. 2023 Litter, plastic sheets and rubbish. It's not necessarily an eco-disaster for all species!. *Australasian Journal of Herpetology* **61**: 3-4.](#)
288. [Hoser, Raymond. 2023 Microhabitat partitioning between three invasive Australian skink lizard species. *Australasian Journal of Herpetology* **65**: 3-4.](#)
289. [Hoser, Raymond. 2023 Never say never! Two adult female Australian Copperhead Snakes sharing a single rock in the Spring. *Australasian Journal of Herpetology* **63**: 63.](#)
290. [Hoser, Raymond. 2023 New taxa within the African Herald Snake genus *Crotaphopeltis* Fitzinger, 1843. *Australasian Journal of Herpetology* **62**: 3-22.](#)
291. [Hoser, Raymond. 2023 New taxa within the African snake genus *Dipsadoboa* Günther, 1858. *Australasian Journal of Herpetology* **62**: 23-35.](#)
292. [Hoser, Raymond. 2023 Opportunistic field observations of frogs and reptiles near Bendigo, Victoria, Australia in mid winter 2023. *Australasian Journal of Herpetology* **66**: 3-4.](#)
293. [Hoser, Raymond. 2023 Six new snakes from southern Australia \(Squamata: Serpentes: Elapidae. *Australasian Journal of Herpetology* **63**: 23-33.](#)
294. [Hoser, Raymond. 2023 Six new species of viper within *Atheris* Cope, 1862 sensu lato from central Africa!. *Australasian Journal of Herpetology* **62**: 36-53.](#)
295. [Hoser, Raymond. 2023 Species diversity seriously under-estimated! 23 new species and 4 new subspecies within the Australian Gecko genus *Diplodactylus* Gray, 1827. *Australasian Journal of Herpetology* **64**: 1-64.](#)
296. [Hoser, Raymond. 2023 The Australian burrowing skinks of the genus *Hemiergis* Wagler, 1830 sensu lato reviewed, including a newly named genus, and new species-level taxa. *Australasian Journal of Herpetology* **66**: 26-46.](#)
297. [Hoser, Raymond. 2023 The further division of the *Nodorha bougainvillii* \(AKA *Lerista bougainvillii*\) sensu lato species complex, including formal descriptions of five new species and a new subspecies. *Australasian Journal of Herpetology* **65**: 51-63.](#)
298. [Hoser, Raymond. 2023 Three new species of Kraits in the *Bungarus fasciatus* \(Schneider, 1801\) species complex. *Australasian Journal of Herpetology* **62**: 54-64.](#)
299. [Hoser, Raymond. 2023 Two new species and thirteen new subspecies within the Australian Skink genus *Eremiascincus* Greer, 1979. *Australasian Journal of Herpetology* **66**: 47-64.](#)
300. [Hoser, Raymond. 2023 World first: Cross genus combat in male elapid snakes!. *Australasian Journal of Herpetology* **63**: 19-22.](#)
301. [Hoser, Raymond. 2024 *Atraserpens*, a new genus of Australian small-eyed snakes from Eastern Australia as well as a new subspecies of the Northern Small-eyed](#)

- [Snake *Cryptophis pallidiceps* \(Günther, 1858\) from north-west Western Australia \(Serpentes: Elapidae\). *Australasian Journal of Herpetology* **72**: 43-46.](#)
302. [Hoser, Raymond. 2024 A new subspecies of *Hesperoedura reticulata* \(Bustard, 1969\) from south-central Western Australia. *Australasian Journal of Herpetology* **72**: 40-42.](#)
303. [Hoser, Raymond. 2024 Before we end up with mutts! The formal diagnosis of subspecies within the Sydney basin species, *Hoplocephalus bungaroides* \(Schlegel, 1837\) and *Amalosia lesueurii* \(Duméril and Bibron, 1836\). *Australasian Journal of Herpetology* **72**: 29-34.](#)
304. [Hoser, Raymond. 2024 Dealing with a taxonomic disaster zone ... 39 new species and 11 new subspecies within *Ctenotus* Storr, 1964 *sensu lato*. *Australasian Journal of Herpetology* **68-69**: 1-128.](#)
305. [Hoser, Raymond. 2024 Five new species within *Carlia sensu-lato* \(Scincidae\), from Australia. *Australasian Journal of Herpetology* **67**: 10-16.](#)
306. [Hoser, Raymond. 2024 Hiding in plain sight: Yet ten more new species and five new subspecies of skink lizard from mainly southern Australia \(Scincidae: *Liopholis* and *Flamoscincus*\). *Australasian Journal of Herpetology* **67**: 44-64.](#)
307. [Hoser, Raymond. 2024 Hoser, R. T. 2024. The inevitable split-up. *Carlia sensu-lato* \(Scincidae\), from Australia and New Guinea formally divided, including 15 new genera, 35 new species and 4 new subspecies. *Australasian Journal of Herpetology* **71**: 1-64.](#)
308. [Hoser, Raymond. 2024 Out from the cold ... a new species of Australian Jacky Dragon *Amphibolurus* Wagler, 1830 from the region near the southern border between South Australia and Victoria as well as a new subspecies from New South Wales and Victoria. *Australasian Journal of Herpetology* **72**: 25-28.](#)
309. [Hoser, Raymond. 2024 Pleistocene splits in the Australian *Odatia tristis* \(Schlegel, 1839\) species and *Pantherosaurus rosenbergi* \(Mertens, 1957\) complexes. The formal identification and naming of a new species and three new subspecies. *Australasian Journal of Herpetology* **72**: 14-24.](#)
310. [Hoser, Raymond. 2024 Sliding into scientific reality. Taxonomic changes to the Australian skink genus *Lerista* Bell, 1833 *sensu lato*, including the erection of 8 new genera, 19 new species and 5 new subspecies. *Australasian Journal of Herpetology* **70**: 1-64.](#)
311. [Hoser, Raymond. 2024 Small and overlooked. New species and subspecies within the Australian skink genera *Morethia* Gray, 1845 and the closely associated *Solvonemesis* Wells and Wellington, 1984. *Australasian Journal of Herpetology* **72**: 3-13.](#)
312. [Hoser, Raymond. 2024 Taxonomic vandalism by Wolfgang Wüster and his gang of thieves. 313. [Hoser, Raymond. 2024 Three new gecko species within the Australian *Underwoodisaurus milii* species complex \(Carphodactylidae\). *Australasian Journal of Herpetology* **67**: 39-43.](#)
314. [Hoser, Raymond. 2024 Twelve new species and four new subspecies within the Australian skink genus *Menetia* Gray, 1845, sensu-lato. *Australasian Journal of Herpetology* **67**: 17-38.](#)
315. [Hoser, Raymond. 2024 Two new subspecies of Mountain Dragon, *Rankinia boylani* Wells and Wellington, 1984 from New South Wales, Australia. *Australasian Journal of Herpetology* **72**: 35-39.](#)
316. [Hoser, Raymond. 2024 Yet another new species in the *Ctenotus taeniolatus* \(White, 1790\) species group \(Squamata:Scincidae\), including detailed notes on sexual dimorphism and ecology. *Australasian Journal of Herpetology* **67**: 3-9.](#)
317. [Hoser, Raymond. 2025 Ooh, Aah, Faaaaaark ... Peter J. McDonald, Aaron L. Fenner, Janne Torkkola and Paul M. Oliver have engaged in egregious taxonomic vandalism in 2024 by coining junior synonyms for *Diplodactylus ooh* Hoser, 2023 and *Diplodactylus aah* Hoser, 2023. *Australasian Journal of Herpetology* **73**: 51-59.](#)
318. [Hoser, Raymond. 2025 Accidentally left in a taxonomic disaster zone ... a new species of *Ctenotus* Storr, 1964 from north-west Queensland as well as other taxonomic and nomenclatural issues with skinks. *Australasian Journal of Herpetology* **75**: 63-64.](#)
319. [Hoser, Raymond. 2025 Are they too dangerous to look at? ... Scalation of Coastal Taipans *Oxyuranus scutellatus* \(Peters, 1867\). *Australasian Journal of Herpetology* **74**: 3-4.](#)
320. [Hoser, Raymond. 2025 Before Australian Blind Snakes \(Squamata: Serpentes: Scolecophidia\) become extinct through bureaucratic indifference ... The description of four new genera and seventy six new species. *Australasian Journal of Herpetology* **76-78**: 1-192.](#)
321. [Hoser, Raymond. 2025 Bulls-eye for Bog-Eye taxonomy. There are four species of extant Shingleback Lizards and two are finally getting formally named!. *Australasian Journal of Herpetology* **75**: 3-8.](#)
322. [Hoser, Raymond. 2025 Coming out of hiding ... A long overdue five-way split of the Australian skink genus *Cyclodomorphus* Fitzinger, 1843, with two genera named for the first time as well as the formal description of nine new species. *Australasian Journal of Herpetology* **75**: 9-24.](#)
323. [Hoser, Raymond. 2025 Eleven who may disappear! From rare to rarer ... Species splits of rare Australian skinks, making rare skinks even rarer, with eleven new species formally described!. *Australasian Journal of Herpetology* **75**: 25-45.](#)
324. [Hoser, Raymond. 2025 Four new gecko species within the Moroccan genus *Quedenfeldtia* Boettger, 1883 \(Gekkota: Sphaerodactylidae\). *Australasian Journal of Herpetology* **74**: 53-64.](#)
325. [Hoser, Raymond. 2025 Historical reality ... Europeans invade each other ... Tweaking the lizard genus *Podarcis* Wagler, 1830 sensu lato with five new genera, a](#)

- subgenus and five new species from Iberia and north-west Africa. *Australasian Journal of Herpetology* **74**: 28-52.
326. [Hoser, Raymond. 2025 New gecko taxa in the genus *Celertenues* Hoser, 2017. *Australasian Journal of Herpetology* **75**: 46-59.](#)
327. [Hoser, Raymond. 2025 New tribes, genera and species within the North-west African and Iberian Lacertidae. *Australasian Journal of Herpetology* **74**: 5-27.](#)
328. [Hoser, Raymond. 2025 Ten new species within the Australian Water Skink genus *Eulamprus* Fitzinger, 1843 *sensu lato* all from mainland south-east and east Australia. *Australasian Journal of Herpetology* **73**: 3-39, 64.](#)
329. [Hoser, Raymond. 2025 The ability to conserve a threatened species begins when they are named! More new species of Rock Wallaby \(Marsupialia: Macropodidae: *Petrogale*\) from east Australia. *Australasian Journal of Herpetology* **73**: 60-63.](#)
330. [Hoser, Raymond. 2025 Two new species of Pygopodid Legless Lizard from New South Wales, Australia and irrefutable confirmation that “*Delma vescolineata* Mahony, Cutajar and Rowley, 2022” is a junior synonym of “*Delma wollemi* Wells and Wellington, 1985”. *Australasian Journal of Herpetology* **73**: 40-50.](#)
331. [Hoser, Raymond. 2025 Yet another new species of *Crinia* Tschudi, 1838, subgenus *Ranidella* Girard, 1853 from New South Wales, Australia. *Australasian Journal of Herpetology* **75**: 60-62.](#)
